Kycon Offers IP67 USB 2.0 A-Type Connector

Morgan Hill, CA – Kycon, Inc. expanded their USB series, adding a Panel mount A-Type USB 2.0 connector that is IP67 rated. The new KUSB67X series provides quick secure connections for any USB application requiring a safeguard to harsh environments, offering two options to meet design needs for wiring the panel mount connector. For applications that require maximum flexibility and customization in the field with no soldering required, the connector with the internal USB is the optimal choice. For applications that require a solid soldered connection to the connector, a breakout board version is available. A quick release cap is offered to form the interface meeting IP67 requirements.
